meaningful conversations for digital nomads

Hey...

What's your name?

Where are you from?

What do you do?

This is how every conversation between digital nomads starts, but sometimes we need more than that!

So, please meet **nomadicards**, a card game designed for digital nomads who want to go beyond small talk and explore different aspects of their life through **engaging, thought-provoking, and entertaining scenarios**.

Nomadicards are organized by topic and mood, recognizable by color and emojis on the cards:

Topics:

- Relationships
- Career
- Travels
- Lifestyle
- Community

Mood:

- 🤔 Thoughtful
- 😂 Funny
- 😭 Emotional

But careful, you may also find **special cards** to spice up the game a little bit:

✍️ **Blank Cards** – Write a new question, throw it back in the deck, and watch your friends struggle to answer it.

🔥 **Challenge Cards** – Less talk, more action: complete a spontaneous challenge!

How to Play

Gather your crew—digital nomads, remote workers, or that one backpacker who just arrived. Ideal location: coliving or coworking!

Set the vibe with your drink of choice and settle in—floor, hammocks, wherever feels right.

Shuffle & Draw—Place the deck in the middle and take turns drawing a card.

Challenge Cards? Time to prove you're more than just a keyboard warrior.

Keep going as long as the stories flow—or until someone books a flight to Bali.

 **Pro Tip:** The best games come with laughter, oversharing, and going all in.
